

About People
and Things
By C. B. McDowell

HARDY ANGLER

There is one fisherman in Elba who can't be stopped by windy weather and unfavorable climatic conditions in sale of rain, cold or wind. Morgan Windham persists in going each day—and generally gets a good catch. He says he does not have too much to say for fair-weather fishermen such as Levy Foley, Pate Lightner, Jordan Lindsey, Charles Hayes, Bob Borders, Orville Allred et al. who allow little bad weather to interfere with their fishing.

SS CLASS CONTEST OVER

Bill Maddox was captain of the winners of a Methodist Sunday School class team that won an attendance contest. Roger Winston headed the losers who will have to serve a supper to Maddox's team March 12 at the school cafeteria.

HOG-CATTLE PRICES

Heavy roughs, \$10.00; SHREDDED, \$10.00; No. 1 hogs, \$10.25; No. 2, \$10.50; No. 3, \$10.75; good feeder pigs, \$14.25; hogs, \$14 & \$15; heavy roughs, \$15. Good cows brought \$18 to \$20 and mediums \$8 to \$15.

MRS. SAWYER CRITICAL

Mrs. R. O. Sawyer who suffered a paralytic stroke in Enterprise hospital over a week ago was reported Wednesday morning as still being in a critical condition.

RANTER BRYAN BETTER

It was reported Wednesday morning that T. B. Bryan, improving from a severe heart attack which he suffered two weeks ago. He has returned to his home from Enterprise hospital.

MARRIAGE LICENSE

A marriage license was issued Monday at the Elba probate office to Christopher G. Smith, 35, Enterprise and Mrs. Myrtle Nichols, 42, Enterprise.

MRS. TAYLOR HOSPITALIZED

Mrs. Herschel Taylor underwent an appendectomy at Enterprise hospital Monday night. It was reported Tuesday morning that she was recovering satisfactorily.

J. C. FLEMING'S MOTHER DIED

Mrs. Gussie Fleming, 79-years-old, long-time resident of Shiloh community, near Brundidge, died Friday, Feb. 27, in a Troy hospital.

Surviving are two sons, J. Claude of Elba and Sam of Brundidge; a brother, Jim Foreman of Birmingham; five sisters, Zolika Schrier, and Miss Gladys Foreman of Birmingham; Mrs. Eloise Collins of Collinsville and Mrs. Lois Vines of Hueytown; seven grandchildren five great-grandchildren.

Funeral services were held on Saturday afternoon at Shiloh church, Rev. W. T. Davidson and Swanson Kimbrough officiating. Interment was in the church cemetery.

HERBERT HARRISON ILL

Herbert Harrison who has been undergoing treatment in Veterans hospital in Montgomery for two weeks, is reported improved but in a serious condition. He was stricken with flu followed by a severe nervous condition.

IN LIKE A LAMB

The usually stormy month of March came in like a lamb so says tradition, should go out like a lion. The past several days have provided ideal spring weather. It has been a great saving on fuel oil, gas and coal. Farmers were enabled to make lots of headway with their spring work.

TIGERS WIN TWO

Both of Elba's basketball teams won over the Enterprise Wildcats at Enterprise Friday night. The senior Tigers won a close 37-34 decision as did the Bees with a 49-45 victory.

Powell paced the varsity attack with 19 points followed by Jacobs with 15. Other Elbans in on the scoring were Marjor 9, Bowdoin 9, Wise 2, Hudson 1, Bowers 1, and Price 1.

Jerry Johnson was high for Enterprise with 15 tallies. Elba scored 14 times on 26 free shots and Enterprise made 12 with 25 tries.

In the Bee game Davis paced the scoring attack with 15 tallies while McDaniel made 11 Smith 6, Donaldson 6, Brown 5, and Hamon 3.

They led Enterprise with 12 points followed by Grimes with 11 and Dunaway 10.

ELBA, ALABAMA, THURSDAY, MARCH 6, 1953

NUMBER 40

Gas District Given 30-Year Franchise

A resolution to give the Southeastern Natural Gas District a 30-year franchise for the use of the gas system in Elba was passed by the City Council Monday night at City Hall.

A resolution authorizing a setting up of speed zones in the city was passed at the request of the state highway department who are going to put up speed signs in Elba on main road arteries.

It was decided not to tax cigarette, cold drink and candy machines in the city.

FIRE CHIEF PRESENT

Flournoy Whitman, fire chief, gave a list of 15 men to the council and asked they be officially recognized as being on the contract—to have a license.

Mrs. T. D. Kendrick, city clerk, stated that so far this year only Mr. Folsom has purchased an

electrician's and plumber's license.

C. L. Rowe, city attorney, was instructed to get the building code used in Dabhan, to see if it could be adopted here.

A resolution authorizing a setting up of speed zones in the city was passed at the request of the state highway department who are going to put up speed signs in Elba on main road arteries.

It was decided not to tax cigarette, cold drink and candy machines in the city.

BILLS PAID

Dorsey Chev. \$2; Elba Tire & Recapping, \$4.50; Gulf Service Station, \$36.36; Pan Am Sta. Inc., \$26.25; L. P. Holly, \$32.38; City, \$6; Hudson Office Supply, \$1.25; Dixie Office Supply \$55.50; Center Chemical Co., \$137.21; Mack Electric \$18; Dorsey Trailers, \$90; Kelley Sales & Tire Co.

at the plant for use when they have a blaze there. Mr. Wain was stated he was afraid the two stens would cause confusion in the fire department and men would have difficulty finding which alarm to answer.

Two property owners were granted relief on paving as assessments, Harold Hudson and the Assembly of God church on the Brantley highway were told they would work out an amicable agreement between them and the city.

The fire chief also asked for a check into the fact that Dorsey Trailers are erecting a siren

states is rendering an invaluable service in saving lives.

COLLECT BLOOD FOR POLIO

With reference to the Red Cross program to aid in rendering a service to those exposed to polio, Mr. Ray stated that the Office of Defense Mobilization has requested the National Red Cross to assume the responsibility of collecting the blood

to protect those exposed to polio.

Mr. Ray praised the interest displayed by workers in Elba and offered his cooperation as the 1953 campaign progresses.

Horton Fleck, chairman of the drive, presided at the meeting. The program was held prior to

servicing. Rev. Murray Seay returned thanks and Lister Brunson, chapter chairman, and Mr. Paul Windham spoke briefly. They urged that a thorough canvass be made during the campaign and cautioned workers to be prepared to answer pertinent questions on the Red Cross program.

FOURTY ATTEND

Among those present were: Mesdames J. D. Hudson, S. L. Carpenter, Fox Branson, J. E. Clark, L. F. Spurlin, Jessie A. Mathews, E. G. Bragg, Horton Fleck, Cecil Prescott, Zehra Davane, John P. Vane, Sam Sawyer, Frank Wilkes, John M. Kimmey.

Thursday afternoon, Feb. 26, Mr. Ray addressed a group of colored Red Cross workers, headed by W. M. Patton, relative to the 1953 Red Cross drive, at a special meeting held at the courthouse.

Paul Cunningham and Miss Gladys Clark.

Dr. J. M. Kimmey, Jackson W. Stokes, Paul Windham, Paul Cunningham, H. A. Dorsey, Jack Windham, G. H. Clark, D. A. Bryan, Jake Bonneau, C. B. A. Dowell, J. D. Whitman, Dr. L. M. Johnson, Willard E. Martin, J. A. Gallimore, H. C. Taylor, T. K. Dorsey, S. N. Rowe, E. W. Alston, Fred Kendrick and Elliot Kendrick.

Thursday afternoon, Feb. 26, Mr. Ray addressed a group of colored Red Cross workers, headed by W. M. Patton, relative to the 1953 Red Cross drive, at a special meeting held at the courthouse.

40 Attend Red Cross Kickoff Breakfast

At the 1953 Red Cross "Kick-off" breakfast held at Lindsey's on Saturday morning at 9 o'clock, Leslie Ray, veteran field director and worker of the Red Cross, told more than 40 volunteers in this year's drive that the dangers of war still persist and that Red Cross is doing a bigger job than ever in carrying their services to all places it is needed.

Mr. Ray recently returned from a tour of duty in Korea and mentioned a number of instances where Red Cross was doing excellent work on a and near the battlefields in Korea.

Following through with the drive, president at the meeting, blood-bank program which he

states is rendering an invaluable service in saving lives.

COLLECT BLOOD FOR POLIO

With reference to the Red Cross program to aid in rendering a service to those exposed to polio, Mr. Ray stated that the Office of Defense Mobilization has requested the National Red Cross to assume the responsibility of collecting the blood

to protect those exposed to polio.

MALLORY FARM SUPPLY

Charles Mallory, Owner

KINSTON, ALABAMA

C. V. Pressley of Kinston has planted 15 acres of pecanola bahia. The bahia was planted on a well-prepared seedbed with a cultipacker.

Sam Hall has ten acres of sericea. He says it and bahia were the only plants furnishing grazing last summer and he plans to plant seven additional

acres this spring. Horace Roberts has ten acres of bahia and eight sericea. He says they are our best two pasture plants. He is preparing land to plant four more acres to bahia this spring.

Soil conservation surveys were prepared this week on the farms of W. D. Coon, Berry Clark, J. L. Branch, Gordon Medlock, Clifton Coon and Andy Clark. A soils inventory is prepared so a plan may be made to fit individual needs of each farm.

Hollie Boutwell near Wilkeson has done a good job in mowing and treating his woodland. He says, "mowing is a crop and should be treated as one to make it pay."

Will Cooper and Henry Clark near Pine Level have had SCS technicians lay out a 25,000-foot terrace line and they are now busy building them to meet specifications.

Chapman Hall of Pine Level is completely reterracing 12 acres this spring. He plans to plant the trees and more wooded land to bahia and sericea.

Ladder Success
It's possible to paint a small house entirely from ladders, but it is much easier to work from a plank suspended between two ladders. The foot of a straight ladder should be one quarter as far from the wall as the ladder is high. If the ladder rests on a cement walk, use ladder shoes.

Molasses Cakes
Molasses cake should be cooked in thick leaves as it bakes easily and may scorch if laid out too thin. This should be lined with greased paper for such cakes.

HENRY C. HARDY
Marine Pfc. Henry C. Hardy 22, Elba, has arrived at a forward air base of the First Marine Air Wing at Kadena. He has been assigned to the base squadron of Marine Air Group 33.

Upon arrival in the Far East Hardy was classified at a rear base in Japan and flown to his unit.

Prior to his present assignment, he was stationed at the Marine Corps Air Station, Miami, Fla. He enlisted in July, 1948.

His wife, Nell, lives at Brantley, Ala. He is the son of Mr. & Mrs. Coston Hardy of Elba.

COMMUNIST IDEA
Hungary Puts Tax On All People Who Don't Have Children

BUDAPEST — The Communist government of Hungary has put up with a new tax idea. Not so much to raise money, however, as to increase the population.

It is a special 4 per cent tax on total income of all persons who do not have children.

For a long time the government has subsidized couples with children under a program called "Protection of Mothers and Children." It is proving so expensive, however, that the state has decided it is reasonable that those without children, the bachelors and the spinsters, should contribute to the fund.

The tax must be paid by bachelors between 20 and 30 and spinsters between 20 and 45, as well as by childless couples. Members of the Army, State Security Office, disabled veterans, and university students between 20 and 24 are exempt.

The new program also decrees that newborn babies are to be given diapers and clothing the value of \$33 by the government. Family allowances for families with more than three children are increased. The allowances are stopped for those with but one child.

The new program is designed to encourage Hungarians to have larger families, a Hungarian government spokesman reported.

Crow Hater Kills 50,000 With Bombs
GREENVILLE, Texas — With one mighty blast, Joe Browder, who says he hates crows more than anything, killed 50,000 of them recently in the Brazos River bottoms. The blast was created with dynamite fashioned into bombs.

Mr. Browder, who lives in Greenville, fashioned 300 bombs from 150 pounds of dynamite and shrapnel from a metal foundry. He set off the bombs and the crows died or fell wounded on the ground. Then he and his confederates charged into them with clubs and killed the wounded.

The people of the community of Asa, Texas, who help in the extermination were outnumbered at least 1,000 to 1 by crows.

February is the beginning of the mating season for crows. Mr. Browder, Game Warden Hubert Brooks, H. V. Stein of Dallas, Texas, and Bill Lawrence of Lake Texoma took advantage of that fact. They tied the bombs in the trees in the river bottoms during the day.

When the crows congregated in the trees that night, Mr. Browder set off the bombs simultaneously with eight storage batteries. It was his 25 crow-bombing mission.

Just from looking at the number of crows on the ground on the seven acres, we figure there must have been at least 50,000 killed, Game Warden Brooks estimated.

Brucellosis Spreads In Dozens of Ways
Farmers worrying over the problem of keeping bovine brucellosis out of their herds were given some pointers recently by the American Veterinary Medical Association.

The association points out that there are a dozen ways in which the disease can be spread to clean cattle, but that the most common way is through importations from strange herds.

Control authorities recommend that newly-purchased cattle from recently-tested herds should be isolated 30 days before having them re-tested. Cattle bought from untested herds should be tested immediately and isolated for another test in 60 days.

Brucellosis can spread from diseased hogs, truck and box cars which have been carrying diseased stock. Buyers, salesmen or visitors may bring in germs on their clothing or shoes, or the disease may spread from stagnant water or slow-moving streams past infected farms.

Money Talks
CARACAS, VENEZUELA — "Money Talks!" That's the theory of Venezuela's top government officials who are spending \$300,000,000 a year—one half of the nation's annual income—in an unheard-of series of public projects.

The projects include highways, schools, hospitals, sports arenas, reservoirs, housing projects and agricultural developments. In four years 178 projects have already been finished or are underway.

The most recent undertaking is the "Avenida Bolivar" in Caracas. It amounts to a \$300,000 Rockefeller Center of 24 buildings.

This construction spree is luring thousands of American engineers and technical "know how" experts to Venezuela.

Rabies is practically always fatal in dogs. However, recovery from rabies is not uncommon in chickens.

A congratulatory card from The Clipper will let the parents of a newly-born child know you are sharing the happy event with them.

Peggy Hutchison Honored at Shower
Miss Peggy Hutchison was honored last Thursday afternoon, March 20 with a miscellaneous shower at the home of Mrs. Jim Reddick.

Artistic arrangements of pastel flowers were used in the reception room.

The refreshment table in the dining room held a crystal punch bowl with plumoni, fern, narcissus, and camellias. Green candles were used with crystal candelabra and were placed at each end of the table.

The guests were met at the door by Mrs. Jim Reddick and shown to the receiving line composed of Miss Annette Reddick, the honoree, Miss Peggy Hutchison, mother of the bride-to-be, Mrs. W. B. Hutchison; mother of the groom-to-be, Mrs. Gordon Cain.

The honoree was dressed in a lovely gray Bolina wool suit with red accessories and her flowers were red carnations in corsage arrangement.

The guests were directed to the bride's book by Mrs. Jimmy Wise where Mrs. Doug Marler registered the guests.

The BWC of the Baptist church met Monday night at the home of Mrs. Eudwood Carley for their regular meeting.

Mrs. Pauline Allen presided and Mrs. Cowell Dowling gave a report of the club finances.

Mrs. G. P. Miles gave the devotional and Mrs. J. W. Kendrick the prayer. The lesson was taken from Royal Service and was taught by Mrs. E. M. Warr.

A delicious salad plate with iced drinks were served to Mesdames E. M. Warr, Cecil Prescott, Cecile Dowling, Corinne English, Pauline Allen, Fulton Sparlin, Murray L. Seay, G. P. Miles, Ezra Kelley, J. W. Kendrick and the hostess.

STRENGTH FOR THESE DAYS
Now the God of hope fill you with all joy and peace in believing, that you may abound in hope through the power of the Holy Ghost.—(Romans XV, 13)

If all of our hopes for happiness are based only on our own daydreams and wishful thinking, then there will be but discontent and disappointment for us and worry and anxiety as we seek ever greater pleasures. But never failing is the reward of our firm faith in the Lord and His love.

WE ISSUE NON-PREFERRED RISK INSURANCE!

If your driver's license has been suspended because of a traffic law violation and your car tags picked up because you need liability insurance, we will issue liability insurance to you at reasonable rates.

BASIL WHITMAN MOTORS

CLIPPER ADVERTISERS OFFERING BARGAINS TO AREA RESIDENTS

Clipper advertisers offer a bargain galore the past two weeks. One of the most talked about sales in a long time was the Piggly Wiggly offer last week of beef at 29c and 32c a pound.

The beef, a product of New Zealand was offered for Friday and Saturday only but over two tons of the meat were sold Friday, leaving little for Saturday shoppers.

B. T. Stanford, local manager of the local store said more than 400 customers purchased meat and other groceries in his store to better than double his regular Friday volume. On Saturday, despite the sell-out on the beef special, trade was normal.

Whitman Motor Company is offering the choice bargain this week with a clearance sale on pre-war model cars. Basil Whitman, owner, is offering 10 cars at a price of \$95 each. All of the cars are in running condition, he said.

BRUNDIDGE PASTOR DIES

Rev. Thomas L. Hill, 60-years-old, pastor of the Brundidge Methodist Church for the past two years, died in a Montgomery hospital Sunday. He was a native of Alabama, a Mason and a Rotarian. He had been pastor of churches in Clayton, Camden, and Opp before coming to Brundidge. He was slated to be in Elba two years ago but the assignments were changed and Rev. Fred L. Davis stayed here.

Surviving are his widow, Mrs. Frances Robertson Hill; a son, William R. Hill, Okla.; a sister, Mrs. W. M. Mayberry, the grocer, with several nieces and nephews.

Funeral services were held on Monday at 11 o'clock in the morning at the Methodist church in Brundidge by Rev. T. S. Harris, Dr. W. P. Culbourn, Rev. R. K. Jones and Rev. Frank Lyon officiating.

Interment was in Rosemont cemetery in Opelika.

CHURCH RALLY

Rev. Fred L. Davis, Mr. & Mrs. Luther Vaughan, Mr. & Mrs. C. B. McDowell, E. D. Brazelton and Glen Vaughan attended a meeting of the Southern half of the Troy District held at the Lurline Methodist church Tuesday.

ELBA CLIPPER, ELBA, ALABAMA

YOUR NEWSPAPER Publishers Make Film to Dramatize Newspaper's Value

HARRISBURG, Pa.—The bring home to the average reader the importance of the home town newspaper, the Pennsylvania Newspaper Publishers Association has invested \$25,000 to film a 20-minute semi-documentary technician motion picture.

The picture was filmed in State College, Pa. The "actors" are residents of the community and the newspaper around which the picture revolves is The Centre Daily Times of State College.

Briefly the picture tells the story of the effect on various segments of the community when, for no apparent reason, the town's only newspaper suspends publication.

The immediate results are portrayed in a series of incidents dramatizing the effect on the paper on individuals—businessmen, housewives, public officials.

There is no notice of a power shut-off; the mayor makes an important speech on a community problem and is misquoted by the word of mouth; the grocer, with no advertising medium, face huge losses on a special sale of perishable fruit.

What the townspeople do about the problem makes up an interesting document. More than 60 prints of the film have been distributed in Elba two years ago but the assignments were changed and Rev. Fred L. Davis stayed here.

Surviving are his widow, Mrs. Frances Robertson Hill; a son, William R. Hill, Okla.; a sister, Mrs. W. M. Mayberry, the grocer, with several nieces and nephews.

Funeral services were held on Monday at 11 o'clock in the morning at the Methodist church in Brundidge by Rev. T. S. Harris, Dr. W. P. Culbourn, Rev. R. K. Jones and Rev. Frank Lyon officiating.

Interment was in Rosemont cemetery in Opelika.

Getting Around

Mac Brown

I've been talking about "expert" drivers and now I've been asked how you can tell one when you see him. Really it's easy. A good driver, like a good boxer, never loses his temper. He refuses to be hurried, confused, or angered by traffic conditions. Expert drivers never are "bumped" or "cut off" by other drivers. They keep a level head to insure straight thinking, accurate estimates and unhurried coordination. They take things "easy."

A poor driver can be spotted by his quick starting and stopping. He is impatient of the excessive strain he puts on his clutch, transmission, brakes, springs, etc. While he apparently gets some weird satisfaction out of their initial appearance, the driver soon realizes his own body is suffering. A "hot-rodder" driver exerts ten times more energy and effort than the expert driver who knows the limitations of his vehicle and operates it the "easy" way.

I wish every driver on the road could drive a truck for a living for just three months. The things they would see and learn, sitting up in a truck cab all day every day, would make the highways safer when they went back to their cars.

SEASON RECORD

Elba High eagles came out of the basketball season with a record of 12 wins and 7 losses, the score cards revealed this week.

OUR PLEDGE TO YOU

Our pledge, Service with dignity, is your assurance of complete satisfaction. In your hour of bereavement let us help you in handling all necessary funeral arrangements. We will handle every detail with reverence and personal attention.

Tigers "Fit" for District Meet

Couch Frank Buckner stated Tuesday morning that the condition for the "AA" tournament play which starts in Dothan on Wednesday. The Tigers face Hartford Thursday afternoon in their initial appearance. The two teams have not met this season but Sleepsom soundly drubbed Hartford.

Couch Buckner announced his starting lineup would probably be Powell, Reeves, Bowdoin, Jacobs and Pitts, with Hudon, Mailer and Wise seeing service.

SEASON RECORD

Elba High eagles came out of the basketball season with a record of 12 wins and 7 losses, the score cards revealed this week.

Record Attendance Set at Fellowship Meeting Monday

The Wesleyan Sub-District of the Methodist Youth Fellowship met at the Elba church Monday evening at 7:30 o'clock.

Gen. Clayton of the local church had charge of the worship. David Gauley, director of youth work of the Alabama conference, spoke during the business session. It was decided to divide the sub-district because of its rapid growth and size between towns.

In the division, Opp and Andalusia were placed in one sub-district and Elba, New Brockton and Enterprise in the other. A number of rural churches also will be included in the divisions.

Basin Quintet Compiles Good Season Record

Basin community took a lot of pride in the accomplishment of their junior high basketball team this year as the quintet built up a season's record of 34 wins and two defeats. They lost one to Elba and another to Damascus, who they defeated in four other tilts.

Against schools with many times their enrollment, Basin with a student population of 75, had a remarkable record. In the Coffee County junior league, they came in third while they copied the title at an invitational tournament in Crenshaw county.

Prospects for another good team next season are good according to E. D. Green, principal. Only three of his top ten players Rex Boutwell, Rex Maiter and Rex Horn graduate. Those who will return for another season are Bill Boland, Ray Ham, Donald Weeks, Jerry Parizer, Paul Smith, Joe Chancellor, and J. B. Boland.

Blind Man Best Air Force Typist

MITCHELL AIR FORCE BASE—Bill Nottingham is one of the Army's best typists—and he is blind.

He types eight hours a day in the base's law office transcribing from dea records of court-martial records and other legal documents.

He got his job when a number of court cases piled up in the First Air Force legal office. The Commission for the Blind recommended him.

He received a 30-day assignment to work in the legal department. After he finished that job, he was transferred to the legal office of the 2,000th Air Base Wing, where he also was swamped with court cases.

He knows exactly when he has filled a page of typewriting, through a device rigged on the back of his machine. He rarely makes an error, but whenever he senses that he has made one he notes the page, line and number to Braille and has a co-worker correct it.

Until recently he made his living by playing the guitar.

He has quickly grasped the military idiom. He learned the layout of the headquarters building in one day and gets around with ease.

His home town is Muncie, Indiana.

Population Gains

NEW YORK—The Pacific Coast states now have a population six times what they were in 1900, according to a recent industrial survey.

Contrasting this remarkable growth, the survey notes, that the West North Central states show only 20 per cent increase for the same period, while the East South Central division and New England also record only modest gains.

Even in terms of actual increases, the West has chalked up "impressive" growth statistics, the survey reports. Taking the Mountain and Pacific states together, about 20 million persons now reside in this area compared with four million in 1900.

This gain is about equal to the actual increase in the Middle Atlantic states, which include New York, Pennsylvania and New Jersey.

POPULATION GROWS

Biggest Factor In U. S. Future Business Prospects

PITTSBURGH—The remarkable growth of the American population is the biggest single factor in the future of any business and the evaluation of future markets, a national advertising firm said in a recent report.

Among the facts on population trends in this country as pointed out by the agency are:

Abnormally low depression birth rates are beginning to have an effect; the marriage rate is dropping and will continue to drop until 1960, when it will rise again.

In 1950, there were five million men 20 to 24 years old in the labor pool; in 1955 the number in that bracket will have dropped to 4.75 million.

In 1950 fewer than 17,000 school buses were built; last year 24,000 were turned out and the number may be larger this year.

The U. S. population is increasing at the rate of 250,000 a month, which requires an increasing number of hospitals and other facilities. The population will rise to 193 million in 1975, by conservative estimate.

While the declining marriage rate now threatens the record rate of home building that has continued since the end of the war, it will pick up in the late sixties and may soar to an average of 1.3 million a year or more by 1975.

The growth in population ahead, the report concludes, raises the question of whether there will be enough food for all the added millions. The needed crop land does not exist.

Farmers Face Many Troubles in 1953

WASHINGTON—The Federal Crop Reporting Board says U. S. farmers will face a number of problems during the spring and summer of 1953.

Farm labor supplies continue tight because of continued competition of industry and the armed forces. Farm wages consequently continue relatively high. Further, there is no indication of a decline in farm production costs continuing to drop in farm products prices.

Supplies of machinery, equipment and seed appear to be adequate, the board reports. Fertilizer supplies are larger than in previous years but supplies of some types are still not up to demand.

Weather conditions also will cause the farmer considerable trouble. Dust storms in some Great Plains area has already occurred and will continue for much of the year.

Inadequate moisture will continue to harass producers in some section of the central and southern Great Plains states.

Recent declines in prices of farm products which have attracted public attention is only one of the many factors in a confusing farm problem.

To top it all, the Agriculture Department has asked farmers to produce a volume of products equal to last year's record.

Colorado's Governor Pays Off Election Bet

SALT LAKE CITY—Governor Dan Thornton recently paid off one of the most unusual election bets of many thousands that were made last year.

He cleaned up the boarder office of Utah's Governor J. Bracken Lee, who had messed up the place by scattering old ballots and sawdust.

The sweeping was the payoff of a bet between the governors on which state would have the best turnout at the general election. Thornton won, leading the nation.

Governor Lee's office ordinarily is spotless. But not for Governor Thornton's arrival. Sawdust—and old ballots—were sprinkled around. Governor Lee posted a sign over his door: "Thornton swept here."

Surgeons Save Boy

Quick-thinking surgeons at a New Jersey hospital applied bare electric wires from a lamp cord to a 12-year-old boy's heart and, in so doing, saved the youngster's life.

The boy, who had just undergone a heart operation, suddenly developed irregular convulsive beating of the heart. Ordinarily a shock machine would have been used to break the convulsive beat, but there was none in the room and no time to get one.

The surgeons grabbed an extension cord, scrapped the insulation from it and touched the wires to the throbbing heart muscle four times. The heart stopped beating.

Oxygen was supplied by a respirator and the heart was reattached until the beat returned—without the convulsion.

Scratch made, 200 pound Lettheads and other printed matter may cost more than one cent.

37 Years Ago in Elba

By C. B. McDowell

S. R. Morgan announces in this issue of The Clipper for Tax Assessor of Coffee County in the May primary. Mr. Morgan is well-known to the people of the county, having been before them in past years. He is one of New Brockton's progressive citizens and is held in high esteem by all who know him.

37 Years Ago—
Telephone and telegraph wires and street lights were put out of commission last night in Montgomery when one of the heaviest rains and windstorms in recent years visited that city. Buildings were damaged by the wind and a number of buildings were struck by lightning. Several persons were injured but no lives lost.

37 Years Ago—
The Young Matrons Club was delightfully entertained Wednesday afternoon in the home of Mrs. Willie Michel. From a table adorned with violets and pink orange blossoms, hot chocolate and tid-bits were served. By Mesdames John Armour and J. O. Rowe. Rook was played at six tables after which a salad course was served.

37 Years Ago—
Gusta Mesdames J. M. Bowers, J. P. Brooks, Garfield Clark, C. P. Hayes, Lawrence Ham, T. E. Wright, Will Bishop, W. J. Steele, Dan Prescott, W. O. Vaughn, Will White, H. A. Waters, Pete Dreyer, Jordan Lindsey, J. D. Wood, J. O. Rowe, John Armour, J. D. Smith, J. D. Lee, Claude Riley, Y. W. Rainier, W. F. Sanders, J. A. Carney and Miss Estelle Blue.

37 Years Ago—
Evangelist Ray of Birmingham has been conducting revival services at Elba Baptist church this week. Elba businessmen are closing their places of business at the 11 o'clock hour.

The newest enterprise for South Alabama is a modern mule farm located at Rutherford on lands recently purchased by G. C. Pearson, millionaire dancer from New York City. A tract of 150 acres will be utilized in the production of marketable mules which Mr. Pearson expects to make the largest farm of its kind in the South.

The demand for good mules is unusually great now due to the war demand for stock. Also, farmers are demanding heavier and better mules and are investing heavily in them.

37 Years Ago—
The pupils of the Elba High School will present a play at the auditorium Friday night at 8 o'clock entitled, "The Case of

Blackhead Obsolete
The skin blackhead is an obsolete and should be replaced in the estimation by a green chalk found for color setting.

Pix Gain Faster
Your pigs may gain faster if you feed them growth-strengthening antibiotics and vitamins, but these materials will not control worms.

FOUND

Cow in my pasture. Owner may claim by paying feed bill and advertising cost. James Devine, Feb. 23-March 10c.

About People and Things

By C. B. McDowell

DENIES CHARGE

Orville Alfred said he was not the man who was charged with the murder of a man who was a fisherman, along with a number of other local anglers.

He said he and Charles Lindsey got accused from jury duty last Wednesday early enough to go to Moody's Lake for a few hours' fishing. A heavy rain was falling at the time.

Mr. Alfred said that within 15 minutes after they pushed out on the lake in their boat he had a 5 1/2 pound bass. The best, Mr. Lindsey later got a number of small ones. Alfred said even Mr. Windham did not venture out in the rain at that day.

FREAKISH TREE GROWTH

"Red" Wilkinson, who is employed at Standard Service Station, is showing friends a freak tree growth brought in by a pup wood truck.

It is a good-sized hickory branch grown through a six-inch pine block. The hickory branch was making good growth when the tree was cut down and was budding and leaving out in normal fashion. Its only source of food was the parent pine tree.

RETURNS FROM HOSPITAL

Sam Bean Young returned home Monday afternoon from Enterprise hospital where he underwent treatment for a serious heart ailment for a week. Tuesday morning Mr. Young was reported improved.

BUYS APARTMENT HOUSE

Mr. & Mrs. Sam Sawyer have purchased the Bonaventure apartment house. It was announced this week. No changes are planned in retail policy and the live-apartment building will continue to be rented for living units.

This apartment house was converted from a funeral home about three years ago.

FATHER DIES

William B. (Pony) McDowell, 84 years old, died at his home near Brundidge Wednesday March 3, only two weeks after his wife's death. He had been in poor health for some time.

Surviving are two sons, Roy W. McDowell of Elba and O. L. McDowell of Brundidge. He is survived by three granddaughters and three grandsons. He was a member of the Methodist church and was a member of the Elba Baptist church.

TWO MARRIAGE LICENSES
Two marriage licenses were issued at the Elba probate office last week.

Thomas Sampson Carpenter, 21, Elba route, and Miss Carolyn Bryant Bryan, 19, Elba, Rt. 2.

WILL GO BACK TO HOSPITAL
It is reported that William Ballard is showing marked improvement at his home, after undergoing treatment for a severe throat ailment for several weeks in Veterans Hospital in Atlanta, Ga. but will return on Thursday for several weeks further treatment.

UNDERGOES APPENDECTOMY
Herschel Williams, son of Mr. & Mrs. Grady Williams, employed at Smith Brothers store in West Elba, underwent an appendectomy Tuesday evening at Enterprise hospital. He was reported to be getting along nicely Wednesday morning.

NEWHEID DIES IN TEXAS
J. D. Smith received a telegram Friday stating that his nephew, Owen Smith, 47, only son of Tom Smith, had died at his home in Shamrock, Texas.

Owen was born and reared in Coffee County, moving to Texas when 13. He visited relatives in Elba last April. It was his first visit here since moving to Texas.

ALL-TOURNAMENT MEN
The Elba and Enterprise placed a man each on the best quarter in the AA tournament. Top five players selected were: H. H. Jones, Dohann; Glen Gooden; Kinison; Joe Mathis; Eufaula; Jerry Johnson, Enterprise and visitors.

Mr. Howard McClellan of Monticello, Fla. is visiting in the home of her parents, Mr. & Mrs. C. B. McDowell.

CLIFFEN MARTIN IS NOW IN GERMANY
Army Cpl. Clifton Martin, whose wife Carolyn, and parents, Mr. & Mrs. William A. Martin, live on Rt. 2, Kinison, recently arrived in Germany where he is now serving with the 1st Infantry Division.

Stationed in the southern part of Germany this outfit is undergoing constant field training as part of the North Atlantic Treaty Organization Army.

Cpl. Martin has been assigned to Headquarters Co., 3rd Bn., of the division's 28th Regiment, stationed in Bamberg, Germany, as a supply clerk.

A former student at Kinison High School, Martin was employed as a barber in Evergreen.

Andalusia Firm Gets Housing Bid

D. C. Construction Company

of Andalusia was awarded the contract to build Elba's two low-rise housing projects, Drayden Smith, chairman of the local housing authority announced on Friday when bids were opened.

The D. C. Construction Co., followed by Max D. Saxton Co., Montgomery, \$192,000; Andalusia Development Co., \$194,777; Henderson Black & Green, \$216,000; and Walter Construction Co. of Andalusia, \$205,000.

John J. Harte Co., engineers and architects from Atlanta, Ga. designed the two projects and in a letter to The Clipper described them:

"The Public Housing Administration together with your Local Housing Authority are going to construct two low-rise housing projects in Elba, one for white occupancy and the other for colored occupancy. The white project consists of 20 apartments contained in 10 individual buildings, while the colored project will consist of 20 apartments contained in three individual buildings.

Each individual unit will be completely equipped with the latest electric hot water heater, electric refrigerator and a gas space heater which is centrally located. The contract will also provide for the project to be properly paved and landscaped and cement walks, curbs and gutters will be included. All required utilities will be furnished as part of the project.

The architects made a perspective of the entire project in black and white tones so it would be suitable for newspaper reproduction. The Clipper is having a photo-engraving made so that the architect's drawing of this project might be seen by everyone in the meantime, the drawing itself may be seen in The Clipper window.

No names will be put on the waiting list for renting the units until they are completed. The contract calls for completion within 210 days after all negotiations have been completed with an additional 30 days allowed for the contractor for landscaping.
